

LEVELS OF TANKING

1

bituBOND® SELF-ADHESIVE – 1.5MM

wet conditions
light commercial structures
low risk

2

bituFLAME® SINGLE LAYER TORCH ON – 3MM

dampness/wet conditions/seasonal
residential/light commercial
low risk

3

bituFLAME® DOUBLE LAYER TORCH ON – 3MM

low hydrostatic conditions
large commercial structures/deep excavations
medium risk waterproofing

4

rawMAT PRE-HYDRATED BENTONITE

high hydrostatic conditions
deep excavations
very high risk waterproofing
